

Minutes of the GPL and School Board representatives' walk-about and GPL Board Meeting
Monday, December 5, 2011

GPL Board Members Present: Sue Stewart, Jim Hodsell, Arlene Rhodes, Fred Baily, Margie Prasek. Also present: Library Director Regina Doi and Guy Gardner and Kimberly LaBelle from the Galway School.

The GPL Board Members met with Kimberly LaBelle and Guy Gardner at 12:30 pm to tour several proposed sites on school property for possible use by the Library. The areas were the old bus garage, land south west of the school (wetlands?), and land north of the Galway Cemetery. Both groups represented have agreed to gather more information and pursue the possibilities further.

After the walk-about, GPL Board members met at the Library to recap the walk-about. From the Library perspective, the preferred piece of land would be where the old bus parking garage is located. Second to that possibility was the parcel of land north of the Galway Cemetery. Discussions followed as to how much land we would need. Margie will check with her friend from the USEPA about evaluating possible contamination in the garage. Sue will be attending the next school board meeting with out list of preferences and suggestions.

The meeting was adjourned at 2:20 pm.
