Tinkering Tuesdays Tinkering Thursdays after school program

We are pleased to announce that Galway Public Library is the recipient of a Southern Adirondack Library System 2015 Early Adapter Technology Grant.

In collaboration with Galway Central School, we are offering our Tinkering Program, which features littleBits technology and promotes STEM and STEAM education.

Plus it's fun!

The program begins after the **school's Spring break and will** run through the end of school. It will also be incorporated into our Summer Reading Program.

More information about all our programs and classes may be found on our website. Check the **Events Calendar** for details.
