03.03 GUIDELINES FOR INTERNET ACCESS

- A. All prospective users must read the internet use policy posted at each computer.
- B. Computer time will be allotted in 30-minute segments. If no one is waiting, time slots may be extended to the next half hour. Otherwise, usage will be on a first come, first serve basis. C. Printing is available at .20 per page and must be completed in the user's allotted time.
- D. Users may not tamper with the computer hardware or software or attempt to change any configurations. Users must not vandalize or destroy computer files or knowingly spread a computer virus.
- E. The computer security software does not allow files to be saved to the computer or programs to be downloaded. Patrons may save files to their own disks or USB drives. F. The use of the Internet for illegal purposes is strictly prohibited.

Library staff reserves the right to terminate an Internet session at any time if these guidelines are not followed.

03.04 ACCESS BY MINORS

Parents or legal guardians must assume responsibility for deciding which library resources are appropriate for their own children. The Galway Public Library has chosen not to use filters on any of the public computers. The library does not act in loco parentis, and parents or legal guardians are responsible for their children's use of the Internet. The library is not responsible for, nor will library staff monitor internet use.

03.07 LIABILITY

The library assumes no liability for loss or damage to the user's data or for any damage or injury arising from invasion of the user's privacy.
